DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 1-31, the prior art fails to teach or suggest an ATM Packet Access Gateway (ATM PAG) system and method for managing an ATM bearer path between ATM endpoints comprising: a first ATM bearer connection termination for terminating a first bearer connection with a first ATM endpoint; a first address associated with the ATM PAG for the first ATM bearer connection; a second ATM connection termination for terminating a second bearer connection with a second ATM endpoint; a second address associated with the ATM PAG for the second ATM bearer connection; a Media Access Gateway (MAG) for controlling the establishment of the first and second bearer connections; and the MAG and the ATM switch being adapted to cooperate in the logical concatenation of said first and second bearer connections and the formation of said active ATM bearer path based on call control instructions received by the MAG from a call control entity.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
